While Supplies Last

Since our beginnings, we committed to making the world's cleanest tasting, high gravity "base beer" with an unexpected clarity and clean finish. We call it Island Shine™— a tribute to its clear appearance, unique taste, and versatility as a mixer. For years, those who tasted it in our taproom encouraged us to start bottling it and selling it. We've listened! Island Shine is now available to take home in 750ml glass bottles. So, grab a bottle and try it yourself: neat, over ice with a twist or splash of juice, or in your favorite cocktail at home. Tag us at @sanjuanseltzer to show us how Island Shine is helping you find your island side!

Cheers!
